

Fall River Joint Unified School District

Board Policy 5131.63

Students

Steroids

The Governing Board recognizes that the use of steroids and other performance-enhancing supplements presents a serious health and safety hazard. As part of the district's drug prevention and intervention efforts, the Superintendent or designee and staff shall make every reasonable effort to prevent students from using steroids or other performance-enhancing supplements.

Students in grades 7-12 shall receive a lesson on the effects of steroids as part of their health, physical education, or drug education program.

Students participating in interscholastic athletics are prohibited from using steroids and dietary supplements banned by the U.S. Anti-Doping Agency as well as the substance synephrine. (Education Code 49030)

Before participating in interscholastic athletics, a student athlete and his/her parent/guardian shall sign a statement that the student athlete pledges not to use androgenic/anabolic steroids and dietary supplements banned by the U.S. Anti-Doping Agency and the substance synephrine, unless the student has a written prescription from a licensed health care practitioner to treat a medical condition.

A student who is found to have violated the agreement or this policy shall be restricted from participating in athletics and shall be subject to disciplinary procedures including, but not limited to, suspension or expulsion in accordance with law, Board policy, and administrative regulation.

Coaches shall educate students about the district's prohibition and the dangers of using steroids and other performance-enhancing supplements.

The Superintendent or designee shall ensure that district schools do not accept sponsorships or donations from supplement manufacturers that offer muscle-building supplements to students.

Steroids

The district shall not accept a sponsorship from any manufacturer or distributor whose name appears on the label of a dietary supplement that contains substances banned by the U.S. Anti-Doping Agency and the substance synephrine. Such supplements shall not be sold, distributed, or marketed at a school-related event. (Education Code 49031)

Marketing includes, but is not limited to, direct product advertising, provision of educational materials, product promotion by a district employee or volunteer, product placement, clothing or equipment giveaways, or scholarships. Marketing shall not include the inadvertent display of a product name or advertising by a person who is not a manufacturer or distributor. (Education Code 49031)

School personnel and coaches may provide only nonmuscle-building nutritional supplements to student athletes for the purpose of providing additional calories and electrolytes, provided that they do not contain any dietary supplements prohibited by the U.S. Anti-Doping Agency and the substance synephrine. Permissible nonmuscle-building nutritional supplements are identified according to the following classes: carbohydrate/electrolyte drinks, energy bars, carbohydrate boosters, and vitamins and minerals.

School personnel, including coaches, shall follow the manufacturer's recommendations when discussing the use of any drug or food supplement with a student athlete. In order to minimize the health and safety risks to student athletes, school personnel shall not supply or recommend any drug, medication, or food supplement to enhance an athlete's performance.

Notice

The principal or designee shall ensure that the following warning, reproduced in 10-point bold type, is posted in every locker room of schools with classes in grades 7-12 and contained in any contracts for the lease or rental of the school's athletic facilities: (Civil Code 1812.97)

Warning: Use of steroids to increase strength or growth can cause serious health problems. Steroids can keep teenagers from growing to their full height; they can also cause heart disease, stroke, and damaged liver function.

Men and women using steroids may develop fertility problems, personality changes, and acne. Men can also experience premature balding and development of breast tissue. These health hazards are in addition to the civil and criminal penalties for unauthorized sale, use, or exchange of anabolic steroids.

AGREEMENT FOR STUDENT ATHLETE AND PARENT/GUARDIAN
REGARDING USE OF STEROIDS

Name of student athlete

Directions: As a condition of membership in the California Interscholastic Federation (CIF) and in accordance with Education Code 49030, the Governing Board of the Fall River Joint Unified School District has adopted Board Policy 5131.63 prohibiting the use and abuse of androgenic/anabolic steroids as specified below. CIF Bylaw 524 requires that all participating students and their parents/guardians sign this agreement.

By signing below, we agree that the student shall not use androgenic/anabolic steroids or any dietary supplement banned by the U.S. Anti-Doping Agency as well as the substance synephrine, without a written prescription from a licensed health care practitioner to treat a medical condition.

We recognize that under CIF Bylaw 200.D the student may be subject to penalties, including ineligibility for any CIF competition, if the student or his/her parent/guardian provides false or fraudulent information to the CIF.

We understand that the student's violation of the district's policy regarding steroids may result in discipline against him/her including, but not limited to, restriction from athletics or suspension or expulsion from school.

Signature of student athlete and Date
