California Department of Education School Accountability Report Card

Reported Using Data from the 2013-14 School Year

Published During 2014-15

Every school in California is required by state law to publish a School Accountability Report Card (SARC), by February 1 of each year. The SARC contains information about the condition and performance of each California public school. Under the Local Control Funding Formula (LCFF) all local educational agencies (LEAs) are required to prepare a Local Control Accountability Plan (LCAP), which describes how they intend to meet annual school-specific goals for all pupils, with specific activities to address state and local priorities. Additionally, data reported in an LCAP is to be consistent with data reported in the SARC.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at http://www.cde.ca.gov/ta/ac/sa/.
- View this SARC online at the school and/or LEA Web sites.
- For more information about the LCFF or LCAP, see the CDE LCFF Web page at http://www.cde.ca.gov/fg/aa/lc/.
- For additional information about the school, parents and community members should contact the school principal or the district office.

School Description and Mission Statement (Most Recent Year)

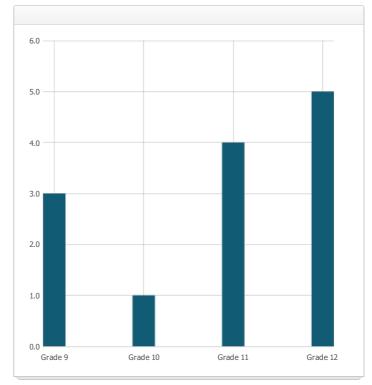

For a variety of reasons, not all students are successful in a traditional high school setting. Some of these students find the continuation high school program better suited to their needs, and are able to work successfully toward their high school diploma. It is important to have continuation high schools and other programs such as independent study as alternatives to dropping out of school. However, while these programs can provide an atmosphere that will help many students, they still require effort on the part of the student. If the student has no motivation or academic goals at all, they will not succeed regardless of the structure of the program.

Our goal is to graduate young adults who are:

- Perceptive Thinkers
- Collaborative Contributors
- Innovative Producers
- Self-directed Achievers
- Adaptable Problem Solvers
- Effective Communicators

School Facility Conditions and Planned Improvements - Most Recent Year

The district ensures that all schools are clean, safe and functional. Maintenance staff completes the facility survey instrument developed by the State of California Office of Public School Construction to monitor the condition of the facilities. The results of this survey are available at the district office.

Age of School Buildings

The building was opened in 1936 as a one-room building, it was the communities only school until 1950. It was remodeled in 1950, 1954, 1976, 1985 and 1990.

Maintenance and Repair

District maintenance staff ensures that repairs are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority.

Cleaning Process and Schedule

The site administrator monitors the custodial staff to develop cleaning schedules to ensure a clean and safe school.

Deferred Maintenance Budget

The district participates in the State School Deferred Maintenance Program, which provides state matching funds on a dollar for dollar basis, to assist school district with expenditures for major repair or replacement of existing school building components. Typically this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems.

B. Pupil Outcomes

State Priority: Pupil Achievement

The SARC provides the following information relevant to the Pupil Achievement State Priority (Priority 4):

- Statewide assessments (i.e., California Assessment of Student Performance and Progress and its successor the Standardized Testing and Reporting Program);
- The Academic Performance Index; and
- The percentage of pupils who have successfully completed courses that satisfy the requirements for entrance to the University of California and the California State University, or career technical education sequences or programs of study.

C. Engagement

State Priority: Parental Involvement

The SARC provides the following information relevant to the Parental Involvement State Priority (Priority 3):

• Efforts the school district makes to seek parent input in making decisions for the school district and each schoolsite.

Opportunities for Parental Involvement - Most Recent Year

We are committed to communicating with and engaging parents as partners in their children's education. We believe that parents play very important roles through their active participation and involvement. In addition the staff believes that an active and involved parent group is essential to an active school agenda. Parents are afforded the opportunity to be classroom volunteers, committee members and chaperones for various field trips and events.

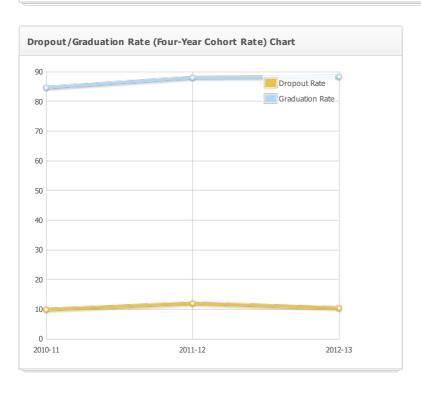

State Priority: Pupil Engagement

School Safety Plan - Most Recent Year

The alternative education programs have a Comprehensive Safety and Response Plan which meets the state requirements described in California Education Code Sections 35294-35297. The plan was developed in cooperation with the Shasta County Sheriff's Department and has conducted school wide drills in order to better prepare in the event of an actual emergency. This plan includes disaster procedures, procedures for safe entry and exit of students, procedures for serious disciplinary problems, a sexual harassment policy, child abuse reporting procedures and school discipline policies. The plan is reviewed annually at the start of school in order to ensure that new staff is familiar with all details.

Three days are provided on the school calendar for professional development. The district collaborates with all school sites to provide teachers and administrators with ongoing professional development to improve teaching and learning in the areas of English Language arts, mathematics, science, and history-social studies. Areas of focus include differentiating instruction to meet the needs of all learners. Throughout the year, site administrators hold staff meetings to coach teachers to improve instructional practices
