

# School Accountability Report Card

## Reported Using Data from the 2011–12 School Year

*Published During 2012–13*

Every school in California is required by state law to publish a School Accountability Report Card (SARC), by February 1 of each year. The SARC contains information about the condition and performance of each California public school.

- For more information about SARC requirements, see the California Department of Education (CDE) SARC Web page at <http://www.cde.ca.gov/ta/ac/sa/>.
- For additional information about the school, parents and community members should contact the school principal or the district office.

### I. Data and Access

#### *Ed-Data Partnership Web Site*

Ed-Data is a partnership of the CDE, EdSource, and the Fiscal Crisis and Management Assistance Team (FCMAT) that provides extensive financial, demographic, and performance information about California’s public kindergarten through grade twelve school districts and schools.

#### *DataQuest*

DataQuest is an online data tool located on the CDE DataQuest Web page at <http://dq.cde.ca.gov/dataquest/> that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., state Academic Performance Index [API], federal Adequate Yearly Progress [AYP]), test data, enrollment, high school graduates, dropouts, course enrollments, staffing, and data regarding English learners.

#### *Internet Access*

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions may include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

### ***School Description and Mission Statement (School Year 2011-12)***

For a variety of reasons, not all students are successful in a traditional high school setting. Some of these students find the continuation high school program better suited to their needs, and are able to work successfully toward their high school diploma. It is important to have continuation high schools and other programs such as independent study alternatives to dropping out of school. However, while these programs can provide an atmosphere that will help many students, they still require effort on the part of the student. If the student has no motivation or academic goals at all, they will not succeed regardless of the structure of the program.

Our goal is to graduate young adults who are:

- Perceptive Thinkers
- Collaborative Contributors
- Innovative Producers
- Self-directed Achievers
- Adaptable Problem Solvers
- Effective Communicators

The mission of our Community Day Schools is to meet the California Department of Education regulation 48916.1 (a) "At the time an expulsion of a pupil is ordered, the governing board of the school district shall ensure that an education program is provided to the pupil who is subject to the expulsion order for the period of the expulsion", the Fall River Joint Unified School District established the Community Day School Program. This program provides students the opportunity to earn readmission to the regular program at the end of the required term and to prepare those who do not qualify for readmission for the next steps in their educational career.

### ***Opportunities for Parental Involvement (School Year 2011-12)***

We are committed to communicating with and engaging parents as partners in their children's education. We believe that parents play very important roles through their active participation and involvement. In addition the staff believes that an active and involved parent group is essential to an active school agenda. Parents are afforded the opportunity to be classroom volunteers, committee members and chaperones for various field trips and events.

## **III. School Climate**

### ***School Safety Plan (School Year 2011-12)***

Fall River Elementary Community Day has a Comprehensive Safety and Response Plan which meets the state requirements described in California Education Code Sections 35294-35297. The plan was developed in cooperation

with the Shasta County Sheriff's Department and has conducted school wide drills in order to better prepare in the event of an actual emergency. This plan includes disaster procedures, procedures for safe entry and exit of students, procedures for serious disciplinary problems, a sexual harassment policy, child abuse reporting procedures and school discipline policies. The plan is reviewed annually at the start of school in order to ensure that new staff is familiar with all details.

**Suspensions and Expulsions**

Rate*	School 2011-12	District 2009-10	District 2010-11	District 2011-12
Suspensions	12 days of suspension	20.9%	23%	19.2%
Expulsions	0	0.42%	0.8%	0.4%

\* The rate of suspensions and expulsions is calculated by dividing the total number of incidents by the total enrollment.

**IV. School Facilities**

**School Facility Conditions and Planned Improvements (School Year 2012-13)**

The district ensures that all schools are clean, safe and functional. Maintenance staff completes the facility survey instrument developed by the State of California Office of Public School Construction to monitor the condition of the facilities. The results of this survey are available at the district office.

**Maintenance and Repair**

District maintenance staff ensures that repairs are completed in a timely manner. A work order process is used to ensure efficient service and that emergency repairs are given the highest priority.

**Cleaning Process and Schedule**

The site administrator monitors the custodial staff to develop cleaning schedules to ensure a clean and safe school.

**Deferred Maintenance Budget**

The district participates in the State School Deferred Maintenance Program, which provides state matching funds on a dollar for dollar basis, to assist school district with expenditures for major repair or replacement of existing school building components. Typically this includes roofing, plumbing, heating, air conditioning, electrical systems, interior or exterior painting, and floor systems.

## IX. Student Performance

### *Standardized Testing and Reporting Program*

The Standardized Testing and Reporting (STAR) Program consists of several key components, including:

- **California Standards Tests (CSTs)**, which include English-language arts (ELA) and mathematics in grades two through eleven; science in grades five, eight, and nine through eleven; and history-social science in grades eight, and nine through eleven.
- **California Modified Assessment (CMA)**, an alternate assessment that is based on modified achievement standards in ELA for grades three through eleven; mathematics for grades three through seven, Algebra I, and Geometry; and science in grades five and eight, and Life Science in grade ten. The CMA is designed to assess those students whose disabilities preclude them from achieving grade-level proficiency on an assessment of the California content standards with or without accommodations.
- **California Alternate Performance Assessment (CAPA)**, includes ELA and mathematics in grades two through eleven, and science for grades five, eight, and ten. The CAPA is given to those students with significant cognitive disabilities whose disabilities prevent them from taking either the CSTs with accommodations or modifications or the CMA with accommodations.

The assessments under the STAR Program show how well students are doing in relation to the state content standards. On each of these assessments, student scores are reported as performance levels.

For detailed information regarding the STAR Program results for each grade and performance level, including the percent of students not tested, see the CDE STAR Results Web site at <http://star.cde.ca.gov>.

**California High School Exit Examination**

The California High School Exit Examination (CAHSEE) is primarily used as a graduation requirement. However, the grade ten results of this exam are also used to establish the percentages of students at three proficiency levels (not proficient, proficient, or advanced) in ELA and mathematics to compute AYP designations required by the federal ESEA, also known as NCLB.

For detailed information regarding CAHSEE results, see the CDE CAHSEE Web site at <http://cahsee.cde.ca.gov/>.

**California Physical Fitness Test Results (School Year 2011-12)**

The California Physical Fitness Test (PFT) is administered to students in grades five, seven, and nine only. This table displays by grade level the percent of students meeting the fitness standards for the most recent testing period. For detailed information regarding this test, and comparisons of a school's test results to the district and state, see the CDE PFT Web page at <http://www.cde.ca.gov/ta/tg/pf/>.

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy.

**X. Accountability**

**Academic Performance Index**

The Academic Performance Index (API) is an annual measure of state academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. For detailed information about the API, see the CDE API Web page at <http://www.cde.ca.gov/ta/ac/ap/>.

The **similar schools API rank** reflects how a school compares to 100 statistically matched “similar schools.” A similar schools rank of 1 means that the school’s academic performance is comparable to the lowest performing ten schools of the 100 similar schools, while a similar schools rank of 10 means that the school’s academic performance is better than at least 90 of the 100 similar schools.

**Academic Performance Index Growth by Student Group – 2012 Growth API Comparison**

This table displays, by student group, the number of students included in the API and the 2012 Growth API at the school, LEA, and state level.

Group	2012 Growth API			
	Number of Students	LEA	Number of Students	State
All Students at the School	773	796	4,664,264	788

**Adequate Yearly Progress**

The federal ESEA requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

- Participation rate on the state’s standards-based assessments in ELA and mathematics
- Percent proficient on the state’s standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

For detailed information about AYP, including participation rates and percent proficient results by student group, see the CDE AYP Web page at <http://www.cde.ca.gov/ta/ac/ay/>.

**Adequate Yearly Progress Overall and by Criteria (School Year 2011–12)**

Met Participation Rate - Mathematics		Yes

<b>Met Percent Proficient - English-Language Arts</b>		No
<b>Met Percent Proficient - Mathematics</b>		No
<b>Met API Criteria</b>		Yes
<b>Met Graduation Rate</b>		No

***Federal Intervention Program (School Year 2012–13)***

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (ELA or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. For detailed information about PI identification, see the CDE *PI Status Determinations Web page*:

**XI. School Completion and Postsecondary Preparation**

***Admission Requirements for California’s Public Universities***

***University of California***

Admission requirements for the University of California (UC) follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state’s high school graduates, as well as those transfer students who have successfully completed specified college course work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work.

For general admissions requirements, please visit the *UC Admissions Information Web page* at <http://www.universityofcalifornia.edu/admissions/>. (Outside source)

***California State University***

Eligibility for admission to the California State University (CSU) is determined by three factors:

- Specific high school courses
- Grades in specified courses and test scores
- Graduation from high school

Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses have local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For admission, application, and fee information see the *CSU Web page* at <http://www.calstate.edu/admission/admission.shtml>. (Outside source)

Note: “N/D” means that no data were available to the CDE or LEA to report.

**XII. Instructional Planning and Scheduling**

**Professional Development**

This section provides information on the annual number of school days dedicated to staff development for the most recent three-year period.

Three days are provided on the school calendar for professional development. The district collaborates with all school sites to provide teachers and administrators with ongoing professional development to improve teaching and learning in the areas of English Language arts, mathematics, science, and history-social studies. Areas of focus include differentiating instruction to meet the needs of all learners. Throughout the year, site administrators hold staff meetings to coach teachers to improve instructional practices.
