

# School Accountability Report Card

## Reported for School Year 2009-2010 Published During 2010-2011

Since November 1988, state law has required all public schools to prepare and distribute annually a School Accountability Report Card (SARC). The SARC, contains information about the condition and performance of each California public school. More information about the requirements for the SARC is available on the California Department of Education (CDE) [SARC](#) Web page. For additional information about the school, parents and community members should contact the school principal or the district office.

### DATA AND ACCESS

#### **DataQuest**

DataQuest is an online data tool located on the CDE [DataQuest](#) Web page that contains additional information about this school and comparisons of the school to the district, the county, and the state. Specifically, DataQuest is a dynamic system that provides reports for accountability (e.g., Academic Performance Index [API], Adequate Yearly Progress [AYP]), test data, enrollment, graduates, dropouts, course enrollments, staffing, and data regarding English learners).

#### **Internet Access**

Internet access is available at public libraries and other locations that are publicly accessible (e.g., the California State Library). Access to the Internet at libraries and public locations is generally provided on a first-come, first-served basis. Other use restrictions include the hours of operation, the length of time that a workstation may be used (depending on availability), the types of software programs available on a workstation, and the ability to print documents.

#### **School Description and Mission Statement**

Burney Jr. Sr. High School serves students in seventh through twelfth grades. The school is located in eastern Shasta County on Highway 299 East, approximately 55 east of Redding. The town of Burney has a population of 3,300 and is the most urban of the rural communities served by the Fall River Joint Unified School District

The Board of Trustees of the Fall River Joint Unified School District believes that it is the responsibility of the school and home, working together, to provide a positive environment for students within which they may:

- Realize potentials for learning
- Develop and maintain basic skills and concepts
- Develop an understanding of responsibilities to self, to family, and to community
- Develop creativity

- Enjoy learning and become lifelong learners
- Respect and appreciate different cultures
- Respect and appreciate the American heritage
- Learn in an environment that fosters a feeling of mutual respect and tolerance
- Learn in a safe and positive environment

### **Opportunities for Parental Involvement**

We are committed to communicating with and engaging parents as partners in their children’s education. We believe that parents play very important roles at BJSHS through their active participation and involvement. In addition the staff believes that an active and involved parent group is essential to an active school agenda. Parents and interested citizens have the opportunity to be involved in School Site Council, Boosters Club, the Renaissance Student Recognition Program and various annual events.

Parents who wish to participate in the School Site Council, school activities, or become a volunteer may contact the school office.

## SCHOOL CLIMATE

### School Safety Plan

Burney Jr. Sr. High has a Comprehensive Safety and Response Plan which meets the state requirements described in California Education Code Sections 35294-35297. The plan was developed in cooperation with the Shasta County Sheriff's Department and has conducted school wide drills in order to better prepare in the event of an actual emergency. This plan includes disaster procedures, procedures for safe entry and exit of students, procedures for serious disciplinary problems, a sexual harassment policy, child abuse reporting procedures and school discipline policies. The plan is reviewed annually at the start of school in order to ensure that new staff is familiar with all details.

### Suspensions and Expulsions

This table displays the rate of suspensions and expulsions (the total number of incidents divided by the total enrollment) at the school and district levels for the most recent three-year period.

Rate	School			District

## SCHOOL FACILITIES

### School Facility Conditions and Planned Improvements

The district takes great efforts to ensure that all schools are clean, safe, and functional. The main campus was built in 1969. This school has 18 classrooms, a gym, a library, and a shop.

During the 2004-05 school year, a local bond measure (Measure J) was passed by the community authorizing 4.4 million, which will be combined with 6.6 million from the state for modernization. The money was used to update the heating and air conditioning system (along with extreme hardship funding), provide wiring for technology, update the gym and football bleachers, refurbish the boys and girls locker rooms, provide for an upgraded electrical service, and make the school ADA accessible and compliant. The work on this project began in June 2005.

## School Facility Good Repair Status (School Year 2010-2011)

This table displays the results of the most recently completed school site inspection to determine the school facility's good repair status.

### ***Teacher Misassignments and Vacant Teacher Positions***

This table displays the number of teacher misassignments (teachers assigned without proper legal authorization) and the number of vacant teacher positions (not filled by a single designated teacher assigned to teach the entire course at the beginning of the school year or semester). Note: Total Teacher Misassignments includes the number of Misassignments of Teachers of English Learners.

## ***Core Academic Classes Taught by No Child Left Behind Compliant Teachers (School Year 2009-2010)***

This table displays the percent of classes in core academic subjects taught by No Child Left Behind (NCLB) compliant and non-NCLB compliant teachers in the school, in all schools in the district, in high-poverty schools in the district, and in low-poverty schools in the district. High poverty schools are defined as those schools with student participation of approximately 75 percent or more in the free and reduced price meals program. Low poverty schools are those with student participation of approximately 25 percent or less in the free and reduced price meals program. More information on teacher qualifications required under NCLB can be found on the [CDE Improving Teacher and Principal Quality](#) Web page.

## **SUPPORT STAFF**

### ***Academic Counselors and Other Support Staff***

This table displays, in units of full-time equivalents (FTE), the number of academic counselors and other support staff who are assigned to the school and the average number of students per academic counselor. One FTE equals one staff member working full time; one FTE could also represent two staff members who each work 50 percent of full time.

## SCHOOL FINANCES

### ***Expenditures Per Pupil and School Site Teacher Salaries (Fiscal Year 2008-2009)***

This table displays a comparison of the school's per pupil expenditures from unrestricted (basic) sources with other schools in the district and throughout the state, and a comparison of the average teacher salary at the school site with average teacher salaries at the district and state levels. Detailed information regarding school expenditures can be found on the CDE [Current Expense of Education & Per-pupil Spending](#) Web page and teacher salaries can be found on the CDE [Certificated Salaries & Benefits](#) Web page.

## STUDENT PERFORMANCE

### **Standardized Testing and Reporting Program**

The Standardized Testing and Reporting (STAR) Program consists of several key components, including the California Standards Tests (CSTs); the California Modified Assessment (CMA), and the California Alternate Performance Assessment (CAPA). The CSTs show how well students are doing in relation to the state content standards. The CSTs include English-language arts (ELA) and mathematics in grades two through eleven; science in grades five, eight, and nine through eleven; and history-social science in grades eight, and ten through eleven. The CAPA includes ELA, mathematics, and science in grades two through eleven, and for science for grades five, eight, and ten. The CAPA is given to those students with significant cognitive disabilities whose disabilities prevent them from taking either the CSTs with accommodations or modifications or the CMA with accommodations. The CMA includes ELA and mathematics for grades three through eight and science in grade five and is an alternate assessment that is based on modified achievement standards. The CMA is designed to assess those students whose disabilities preclude them from achieving grade-level proficiency on an assessment of the California content standards with or without accommodations. Student scores are reported as performance levels. Detailed information regarding the STAR Program results for each grade and performance level, including the percent of students not tested, can be found on the CDE [Standardized Testing and Reporting \(STAR\) Results](#) Web site

Note: Scores are not shown when the number of students tested is ten or less, either because the number of students in this category is too small for statistical accuracy or to protect student privacy. In no case shall any group score be reported that would deliberately or inadvertently make public the score or performance of any individual student.

### **Standardized Testing and Reporting Results for All Students – Three-Year Comparison**

This table displays the percent of students achieving at the Proficient or Advanced level (meeting or exceeding the state standards).

## California High School Exit Exam

The California High School Exit Examination (CAHSEE) is primarily used as a graduation requirement. However, the grade ten results of this exam are also used to establish the percentages of students at three proficiency levels (not proficient, proficient, or advanced) in ELA and mathematics in order to compute AYP designations as required by the federal NCLB Act of 2001.

	ELA	Math
Passing Score	350	350
Proficient	380	380
Advanced	403	422

Detailed information regarding CAHSEE results can be found on the CDE California High School Exit Examination Web site at <http://cahsee.cde.ca.gov/>

## ACCOUNTABILITY

### **Academic Performance Index**

The Academic Performance Index (API) is an annual measure of the academic performance and progress of schools in California. API scores range from 200 to 1,000, with a statewide target of 800. Detailed information about the API can be found on the CDE [Academic Performance Index \(API\) Web page](#).

### **Academic Performance Index Ranks – Three-Year Comparison**

This table displays the school's statewide and similar schools API ranks. The statewide API rank ranges from one to ten. A statewide rank of one means that the school has an API score in the lowest ten percent of all schools in the state, while a statewide rank of ten means that the school has an API score in the highest ten percent of all schools in the state. The similar schools API rank reflects how a school compares to 100 statistically matched "similar schools." A similar schools rank of one means that the school's academic performance is comparable to the lowest performing ten schools of the 100 similar schools, while a similar schools rank of ten means that the school's academic performance is better than at least 90 of the 100 similar schools.

API Rank	2007	2008	2009
Statewide	5	5	5
Similar Schools	3	2	3

### **Academic Performance Index Growth by Student Group – Three-Year Comparison**

This table displays, by student group, the actual API changes in points added or lost for the past three years, and the most recent API score. Note: "N/A" means that the student group is not numerically significant.

### **Academic Performance Index Growth by Student Group – 2010 Growth API**

This table displays, by student group, the 2010 Growth API at the school, LEA, and State Level.

Group	2010 Growth API		
	School	LEA	State
All Students at the School	745	780	767
Hispanic or Latino		754	715
White (not Hispanic)	744	802	838
Socioeconomically Disadvantaged	680	749	712
Students with Disabilities		627	500

### **Adequate Yearly Progress**

The federal NCLB Act requires that all schools and districts meet the following Adequate Yearly Progress (AYP) criteria:

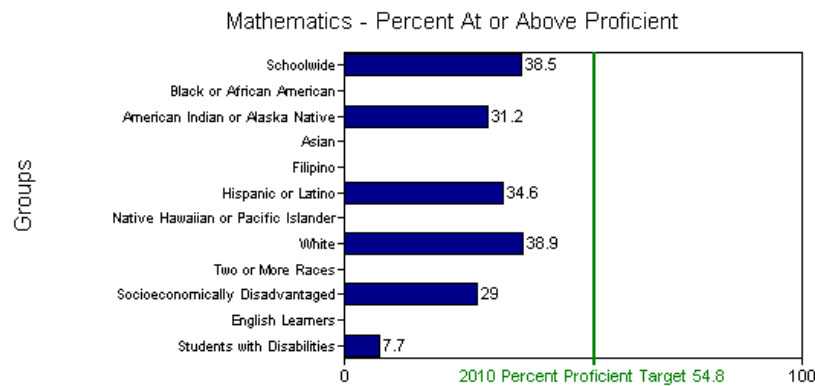

- Participation rate on the state's standards-based assessments in ELA and mathematics
- Percent proficient on the state's standards-based assessments in ELA and mathematics
- API as an additional indicator
- Graduation rate (for secondary schools)

Detailed information about AYP, including participation rates and percent proficient results by student group, can be found on the CDE [Adequate Yearly Progress \(AYP\) Web page](#).

## Adequate Yearly Progress Overall and by Criteria (School Year 2009-10)

This table displays an indication of whether the school and the district made AYP overall and whether the school and the district met each of the AYP criteria.

AYP Criteria	School	District
Overall	No	No
Participation Rate - English-Language Arts	Yes	Yes
Participation Rate - Mathematics	Yes	Yes
Percent Proficient - English-Language Arts	No	Yes
Percent Proficient - Mathematics	Yes	Yes
API	Yes	Yes
Graduation Rate	N/A	No

## Federal Intervention Program (School Year 2010-11)

Schools and districts receiving federal Title I funding enter Program Improvement (PI) if they do not make AYP for two consecutive years in the same content area (ELA or mathematics) or on the same indicator (API or graduation rate). After entering PI, schools and districts advance to the next level of intervention with each additional year that they do not make AYP. Detailed information about PI identification can be found on the CDE [Adequate Yearly Progress \(AYP\)](#) Web page.

Indicator	School	District
Program Improvement Status	Not in PI	
First Year of Program Improvement		
Year in Program Improvement		
Number of Schools Currently in Program Improvement		1
Percent of Schools Currently in Program Improvement		1%

## SCHOOL COMPLETION AND POSTSECONDARY PREPARATION

### *Admission Requirements for California Public Universities*

#### University of California

Admission requirements for the University of California (UC) follow guidelines set forth in the Master Plan, which requires that the top one-eighth of the state's high school graduates, as well as those transfer students who have successfully completed specified college work, be eligible for admission to the UC. These requirements are designed to ensure that all eligible students are adequately prepared for University-level work. For general admissions requirements please visit the [General Admissions Information](#) Web page (Outside Source).

#### California State University

Admission requirements for the California State University (CSU) use three factors to determine eligibility. They are specific high school courses; grades in specified courses and test scores; and graduation from high school. Some campuses have higher standards for particular majors or students who live outside the local campus area. Because of the number of students who apply, a few campuses have higher standards (supplementary admission criteria) for all applicants. Most CSU campuses utilize local admission guarantee policies for students who graduate or transfer from high schools and colleges that are historically served by a CSU campus in that region. For general admissions requirements please visit the [Undergraduate Admission & Requirements](#) Web page (Outside Source).

### *Dropout Rate and Graduation Rate*

This table displays the school's one-year dropout and graduation rates for the most recent three-year period for which data are available. For comparison purposes, data are also provided at the district and state levels. Detailed information about dropout rates and graduation rates can be found on the CDE [DataQuest](#) Web page.

Indicator	School			District			State		
	2006-07	2007-08	2008-09	2006-07	2007-08	2008-09	2006-07	2007-08	2008-09
Dropout Rate (1-year)	1.1	0.6	0	3.2	2.1	3.6	4.4	3.9	4.5
Graduation Rate	97.2	100.0	93.1	83.7	89.0	85.3	80.6	80.2	78.6

### *Completion of High School Graduation Requirements*

Students in California public schools must pass both the ELA and mathematics portions of the CAHSEE to receive a high school diploma. For students who began the 2008-09 school year in grade twelve this table displays by student group the percent who met all state and local graduation requirements for grade twelve completion.

Group	Graduating Class of 2010		
	School	District	State
All Students	33	81	Not
American Indian or Alaska Native	2	8	available
Hispanic or Latino	5	7	
White (not Hispanic)	25	67	
Multiple	1		
English Learners	0	2	
Students with Disabilities	5	14	

### *Career Technical Education Programs (School Year 2009-10)*

Burney Jr. Sr. High offers ROP classes, vocational classes and career exploration activities to help students prepare for the workforce. Students also have opportunities through the career center on campus to take career assessments, explore different careers

### ***Career Technical Education Participation (School Year 2009-10)***

<b>Measure</b>	<b>CTE Program Participation</b>
Number of the school's pupils participating in CTE	38
Percent of the school's pupils completing a CTE program and earning a high school diploma	25%
Percent of school's CTE courses sequenced or articulated between the school and institutions of postsecondary education	0

### ***Courses for University of California and/or California State University Admission (School Year 2009-10)***

This table displays, for the most recent year, two measures related to the school's courses that are required for University of California (UC) and/or California State University (CSU) admission. Detailed information about student enrollment in, and completion, of courses required for UC/CSU admission can be found on the CDE [DataQuest](#) Web page.

<b>UC/CSU Course Measure</b>	<b>Percent</b>
Students Enrolled in Courses Required for UC/CSU Admission	133
Graduates Who Completed All Courses Required for UC/CSU Admission	8

## **INSTRUCTIONAL PLANNING AND SCHEDULING**

### ***Professional Development***

Three days are provided on the school calendar for professional development. The district collaborates with all school sites to provide teachers and administrators with ongoing professional development to improve teaching and learning in the areas of English Language arts, mathematics, science, and history-social studies. Areas of focus include differentiating instruction to meet the needs of all learners. Throughout the year, site administrators hold staff meetings to coach teachers to improve instructional practices.
